

FOREWORD

Since 1976, SEAMIC/IMFJ has published several medical bibliographies of SEAMIC member countries. Among them are the following medical bibliographies of Singapore:

BIBLIOMED-SM (Singapore and Malaysia)	1976
BIBLIOMED-SM Supplement	1982
BIBLIOMED-SM2	1989

Now it is my great pleasure for SEAMIC/IMFJ to announce the publication of "Singapore Medical Literature Index 1980-1993". It is a revised edition of "BIBLIOMED-SM2" which contains 3,125 data from 1980 to 1986, as well as the new data from 1987 to 1993.

I, on behalf of SEAMIC/IMFJ, would like to take this opportunity to express our hearty thanks and congratulations to Ms. Jill Quah, Chief Librarian of the National University of Singapore (NUS), Ms. Wee Joo Gim, Former Head of Medical Library of NUS, Ms. Ng Kim Leong, Head of Medical Library of NUS, and also to all the staff involved at the Medical Library of NUS for their devoted efforts and full cooperation for this publication.

Last but not the least, our own staff should also be credited for their hard work.

March 1996

Ryozo Mogi
Executive Director
SEAMIC/IMFJ
